2022 Sponsorship Packages

About The Conference

Proxiad Bulgaria has the pleasure to organize PlovDev, the largest IT conference held in Plovdiv, for the 10th consecutive year. Our main goal is to gather IT specialists and everyone interested in innovation and technology, and exchange knowledge and experience. All guest speakers are IT professionals who go through a selection process facilitated by Proxiad's team. In the context of the COVID-19 pandemic, PlovDev 2022 will once more take place online.

Why Support PlovDev

PlovDev is a nonprofit conference and all funds gathered are donated to a worthy cause (TBA). Last year, together with our sponsors and attendees, we contributed 4979 BGN to the Hidden Talents of Bulgaria campaign by NGO Operation Teddy Bear.
